GENERAL SECTION
TO:
24 OCT 1933

H V Ramaswami Esquire M A ,B L ,
General Secretary to Government,
B A N G A L O R E

Sir,

I have the honor to forward herewith letter No 180/33- dated the 12th instant with its one enclosure received from the President of the Chitaldrug town Municipality and to state as follows -

The drainage scheme for the Chitaldrug town prepared by the Executive Engineer, Sanitary and Town Planning Division which estimated at Rs 14730 has been separately submitted to Government for sanction The whole work is proposed to be split up into four stages of which the first stage has already been completed at a cost of Rs 4426 The second and third stages which may cost about Rs 7000 are to be taken up for execution during the current year But in the sanctioned budget estimates of the municipality only a sum of Rs 6000 has been allotted for public works Moreover the finances of the municipality do not permit the taking up of the scheme without the aid of Government The council have therefore requested that a yearly grant for the working of the scheme for this and the next year may be sanctioned and that at least Rs 3000 may be sanctioned for the current year In view of the urgency of the work and the poor resources of the municipality the Government may be kindly moved to accord their early sanction to the prayer of the council the rest of the cost to be incurred during the current being ordered to be met out of the closing balance of the municipality

I have the honor to be

S I R,

Your most obedient servant,

M Seshadri

Deputy Commissioner

Chitaldroog.

No 190/33 34

Dated 12th October 33

Enclosures one

Sir,

I have the honor to state that a sum of Rs 6000/, has been alloted in the sanctioned Budget Estimates of the Municipality for the current year for public works, both for original and repairs These amounts are hardly adequate to complete the ordinary works of repair and of improvement which have been taken up by the Municipality during the current year The drains of the Municipality being in a sorry condition it is necessary to take up the Drianage scheme prepared by the Executive Engineer, Sanitary and TOwn Planning Division for the Municipalty The total cost of this scheme comes to Rs 14720/- and has separately been sent up for Government sanction The work is broken into four stages, out of which one has already been completed at a cost of Rs 4426-0-0 The second stage was not taken up during the previous year on account of pancity of funds It is proposed to take up both the second and third stages during the current year The total expenditure to be incurred on this account being about Rs 7000/-, and Since the Municipalty finances do not permit its working the scheme unassisted by Government, I request you to kindly obtain a yearly grant for the working of the scheme during this year and the next The work being expected to be completed by the end of next year by working two stages this year and the remaining one next year, I request that a grant of at least Rs 3000/- (three thousand) be kindly made during the current year to enable the Municipality to complete the second and third stages of the scheme during this year itself, the rest

of the cost being met by the municipality from its closing balance The closing balance is now Rs 25217-9-2 and it is expected that even if Rs 4000/- out of this are utilised for the Drainage Scheme the closing balance of the municipality would still be within the prescribed minimum In these circumstances I request that the grant be made early to enable me to take up the work soon I am also enclosing a copy of the resolution of the Municipal Council for your kind perusal

I have the honor to be,

Sir,

Your most obedient servant,

Dr Ramana
